

MAIN SERVICES

BUILDING BETTER FUTURE

ABOUT US

MATISON ENTERPRISE has the resources and experience to provide high-quality and extremely efficient project management and project execution.

When it comes to residential or commercial construction, reliability and structural integrity are as important in the property as they are in the working relationship between us and our partners. That is why we aim to fulfil every construction need possible.

We work closely with our partners to provide superior quality service and support starting with manpower for different construction needs where we tailor-make teams required for each project and type of work.

We are known not only for our exceptionally professional attitude towards each detail, but even more for our resourcefulness - the capability to find the best solution for any project.

OUR STRENGTHS

OUR CURRENT PRODUCTS AND SERVICES

OUR LATEST EXPERIENCE

OUR TEAM has provided building services for both the public and private sector since 2016. We have experience in a wide variety of construction works, including: family homes, *Attefallshus*, apartment buildings, hotels, elderly accommodation, hangars, where we have provided solutions from project development and manufacturing to groundworks, montage, as well as inside and outside finishing.

REFERENCE PROJECTS

NORDKLINT

A group of state-of-the-art skiing lodges in the Sälen mountain range, Nordklint is known for its unique architecture by Vasco Trigueiros and atmosphere, built for peace and privacy as well as activity and connection at the same time. The 100 cabin village was completed in just 2.5 years.

<http://nordklint.se>

AKERMAN

Built in Värmdö in 2011, this low-energy house sits on a cleverly designed metal frame foundation. The larch wood finish and large windows complement the character of the building perfectly.

BEHZAD

For this home, with a guest cabin and pool in Torö, the client wished to use the most exclusive materials – it boasts a cedar wood finish, wood aluminium sliding window frames, and polished concrete floors.
